Mr. Mark Stone
FCC Common Carrier Bureau
Accounting Safeguards Division
445 Twelfth Street S.W.; Room 6-C365
Washington, D.C. 20554

Mr. Stone:

Enclosed is a restated electronic version (CD) of last month's performance measurement data for SWBT. The file has restated data for PM 4a and 6b to correct for data errors. This file also includes the trunking data for FCC PMs 15 and 20. In the original business rules, SWBT used a study week. This was changed in version 1.7 to 20 business days with the understanding in Texas that the data would be available after the 20th of the month. Like the "missing Z's" issue we discussed last month, this is the result of the subtleties associated with implementing the 1.7 business rules.

As a result, we have also revised critical Z's for 3 of the states:

State	Critical Z
AR	1.72
KS	1.68
MO	1.69

Please call me if there are any questions regarding these reports.

Sincerely,

A handwritten signature in black ink, appearing to read "Al Syeles", is written over the word "Attachment".
